

# OUR SERVICES

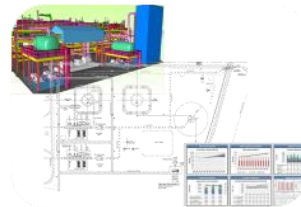

## PROJECT LIFECYCLE SUPPORT

**Project Consulting**

**Technology Selection**

**Project Development**

**Conceptual Studies**

**Feasibility Studies**

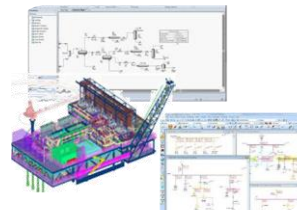

**Process Safety**

**Assets Integrity & Management**

**Project Management**

**Engineering and Design**

**Fabrication**

**Packaged Systems and Modular Plants**

**Construction Management**

**Commissioning**

**Operations Support**

## OUR TOOLS

# INTEGRATED PROJECT MANAGEMENT SYSTEM

- Intelligent intuitive project management software platform
- Project Integration among client, PMC, contractors, subcontractors, and vendors
- No changes required to contractor and vendor systems, tools, and procedures
- AWP based
- Cloud based
- Scalable
- Mobile App
- Cost effective

# OUR RESOURCES

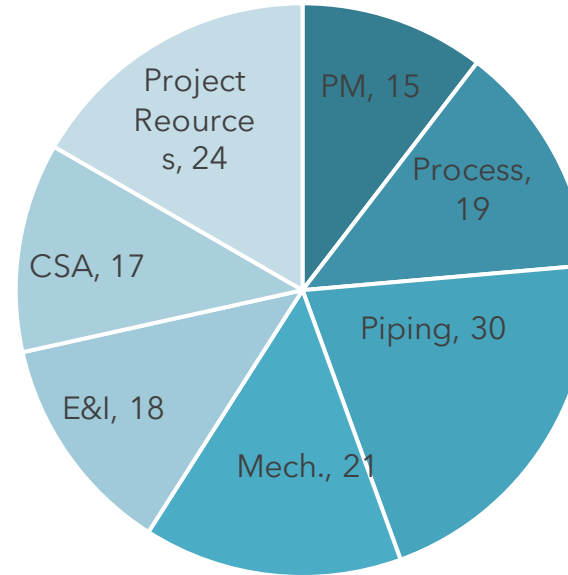

## ENGINEERING & PROJECT MANAGEMENT

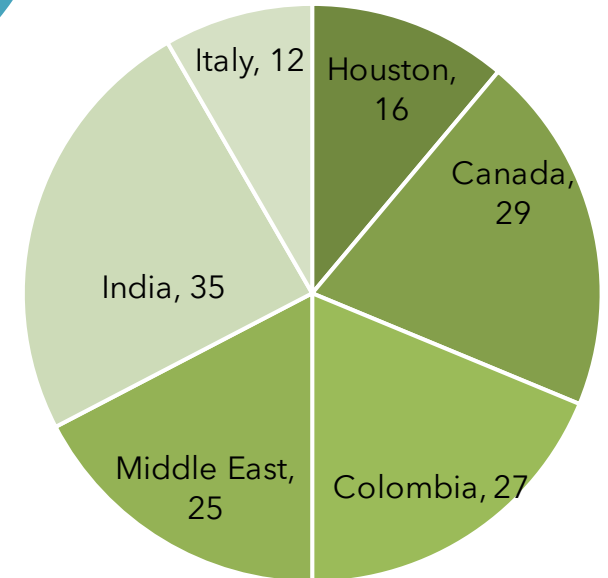

### Global Multi-discipline Engineering Resources

- USA
- Canada
- Colombia
- Middle East
- India
- Italy

### U.S.A. Professional Engineers

### Core Team

# CAPABILITIES

## PROJECT SERVICES

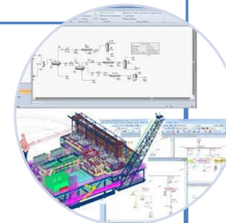

- Conceptual Design
- Feasibility Study
- Project Development
- Site Selection
- Process Engineering
- Revamping and Upgrading
- Blast Resistant Design Study
- Debottlenecking
- Process Optimization
- Technology Evaluation and Development
- Process development
- Computational Analysis
- Finite Element Analysis

### Technical and Advisory Services

- Master Planning
- Basic Engineering Design
- Process Design Package
- Front-End Engineering Design
- Detailed Engineering
- Cold eyes Reviews
- Compliance Review
- Optimization Review
- Value Engineering
- Process Unit Evaluation
- Expansion and Integration
- Procurement Management
- Capital Project Estimating

### Engineering and Procurement

- Project Readiness Assessment
- Project Planning
- AWP Definition
- Cost Estimation Review
- Constructability Review
- Recovery Plans
- Regulatory & Permits
- Procurement Services
- Owner Engineers
- Project Management Consultant
- Project Controls
- Construction Management
- Fabrication Management

### Project Management
